## **Arc Herkimer to Host Parent Training for Students with IEPs Transitioning from High School**

Area families are invited to attend "Transition Planning: Getting Started," hosted by Arc Herkimer on Wednesday, November 29.

The training, presented by the Syracuse University Parent Assistance Center (SUPAC) and the Mid-State Special Education Parent Technical Assistance Center, will be held at Arc Herkimer's Training Center at 350 S. Washington Street, Herkimer, NY, from 10 a.m. to 12 p.m.

Post-Secondary Transition is planning and preparing for a student's future after high school while the student is still in school. In this training, parents will learn about the transition process for students with individualized Education Programs (IEPs). Topics include the meaning of Post-Secondary Transition: when should planning begin, who's involved in the transition process, and how transition planning appears in an IEP.

This training is highly recommended for families of students in middle and high schools and is free and open to the public. Registration is required by Friday, November 24, by calling Janet LaRock at (315) 574-7780, emailing [jlalrock@archerkimer.org](mailto:jlalrock@archerkimer.org), or registering online at [archerkimer.org](http://archerkimer.org) under events.

Arc Herkimer's mission is empowering people with disabilities and enriching lives throughout our community. For more information regarding the nonprofit organization, call (315) 574-7000.
